## Town Ordinances

The following are the Town Ordinances as amended and adopted under Article 8 of the Warrant for 1925.

### CHAPTER I

#### Classification

SECTION I. The Rules and Regulations for the guidance of the various departments of the municipal government of the Town of Hampton, and for convenient use of citizens generally, as hereinafter presented shall be known as the Code of Ordinances of Hampton.

SECTION II. Rules and Regulations in this code shall be classified in the following departments: Town Meetings, Town Officers, Police, Fire, Public Health, Highways and Sidewalks, Public Parks and Playgrounds, Building Laws, Miscellaneous.

### CHAPTER II

#### Town Meetings

SECTION I. The annual town meetings for the election of officers and transaction of business shall be held on Tuesday after the second Monday in March.

SECTION II. The election of major officers shall be by the Australian ballot. The following officers shall be so elected: one member of the board of selectmen for three years; a town clerk; a treasurer; a collector of taxes; three auditors. All other necessary officers shall be chosen in open meeting or by appointment by the selectmen as the annual meeting may determine. Questions of policy and matters of extraordinary importance may be placed upon the Australian ballot when feasible to do so.

SECTION III. The polls for the Australian ballot shall open with the opening of the annual meeting at

such hour as the legal warrant for the same shall determine, and shall be closed at 4 o'clock in the afternoon unless otherwise voted by the meeting in which the election occurs.

The transaction of other matters legally in the warrant may proceed in the usual manner and no appropriation may legally be made unless the subject matter to which the appropriation applies has been definitely expressed by an article in the warrant, except in cases where committees or agents appointed at a previous meeting may be voted sums of money necessary to continue or complete their work.

SECTION IV. Notice of every town meeting shall be given by publication of a copy of the warrant in at least one issue of a newspaper published in said town, the first publication to be at least seven days before the date of the meeting; also by posting copies of the warrant in three or more public places in said town fourteen days at least before the date of the meeting.

SECTION V. All voting in town meetings, except in cases for which the Australian ballot provides, and in cases where the meeting otherwise orders, shall be by a show of hands. If the result is in doubt the Moderator shall count or cause to be counted the uplifted hands. If still in doubt, or if the result is questioned by seven voters, the Moderator shall poll the house or cause the checklist to be used.

SECTION VI. No motion, the effect of which would be to dissolve the meeting, shall be in order, except by unanimous consent, until every article in the warrant has been duly considered and acted on, but this shall not preclude the postponement of consideration of any article to an adjournment of the meeting at a stated time.

SECTION VII. No person shall address the meeting unless recognized by the Moderator, nor speak more than once on the same subject to the exclusion of any other who may desire to speak.

SECTION VIII. Any person who is employed as an attorney by another interested in any matter under discussion at a town meeting shall disclose the fact of his employment before speaking thereon, nor shall he speak

until granted the privilege by the meeting.

SECTION IX. The Moderator shall appoint all committees at the town meeting unless the town otherwise directs. He may direct that only voters be admitted to the place of meeting or to a definite portion thereof.

SECTION X. All committees shall report as directed by the town. If not report is made within a year after the appointment, the committee shall be discharged unless, in the meantime, the town grant an extension of time.

SECTION XI. The Moderator shall be guided by a standard manual of Parliamentary Law, so far as the same is applicable to a town meeting.

SECTION XII. These ordinances may be amended at any annual meeting by major vote, provided specific notice of the proposed amendment is given by an article in the warrant for such annual meeting.

### CHAPTER III

#### Officers of the Town

SECTION I. General provisions applicable to all permanent boards and officers.

All officers, boards and committees having permanent clerical assistance shall keep their offices open for public business from 9 A. M. to 4 P. M. every week day except Saturday and then from 9 A. M. to 1 P. M.

SECTION II. All officers, boards and committees shall notify the Town Clerk of their organization and office hours of time of stated meeting and all officers of the town shall have their qualification through the administering of the oath of office recorded with the town clerk, and no officer shall perform his duties until such recording has been made.

SECTION III. No contract, involving an obligation of the town, exceeding the sum of one hundred dollars shall at any time be made, except by vote of the committee or board thereunto duly authorized having supervision of the department to which the same relates. Such vote shall be recorded and such records shall be open to inspection.

SECTION IV. No contract, involving an obligation of the town exceeding the sum of five hundred dollars, shall be binding upon the town, unless it is in writing and is signed by at least a majority of the board or committee in charge of the work on the part of the town.

SECTION V. No board or officers shall make any contract in behalf of the town, the execution of which shall necessarily extend beyond one year from the date thereof, unless specific authority so to do has been given by vote of the town.

SECTION VI. The duly elected officers of the town shall perform their statutory duties and such other duties as these ordinances and amendments hereafter at any time may describe.

SECTION VII. Selectmen. The Board of Selectmen shall be the recognized head of the several departments enumerated in Chapter I, Section 2, with the authority of appointment of chief and subordinates, and their removal from office; they shall issue all licenses not otherwise provided for and they shall cause the enforcement of these ordinances and prosecute officers of any of the provisions therein; they shall cause this Code of Ordinances to be printed in pamphlet form at the expense of the town; and shall keep a supply on hand for free distribution upon application.

2. The Selectmen may appear, either personally or by the town counsel, or by special counsel before any court, or any State or County board, or commission, to protect the interests of the town, but are not authorized by these ordinances to commit the town to any course of action.

3. All conveyances of land or interest in land shall be signed by a majority of the Board of Selectmen, unless otherwise provided by law or by vote of the town, and sealed with the town seal.

4. The Selectmen shall defend all suits brought against the town, and may settle at their discretion any claim or suit to which the town is a party, which does not require the payment of more than One Thousand Dollars. Any settlement requiring a payment greater than One Thousand Dollars except as authorized by law shall be

made only when authorized by the voters at a town meeting. The selectmen shall bring any necessary suits to collect sums due the town.

SECTION VIII. Town Clerk—The Town Clerk shall keep and cause to be permanently bound, one or more files of the town reports. He shall notify, or cause to be notified, all persons chosen or elected by the town or appointed on committees, of their election, choice or appointment. He shall furnish all boards and committees with a copy of all votes affecting them. He shall not allow original papers or documents of the town to be taken from his office, except as they remain in his custody, or by authority of law.

2. He shall furnish blanks, with appropriate headings, upon which petitions, reports and other papers in the ordinary course of town proceedings, may be prepared.

3. The Town Clerk shall furnish the various town officers and committees a copy of such action of the town as affects them respectively immediately after the town meeting.

SECTION IX. Collector of Taxes—The Collector of Taxes shall have committed to him the land rents for collection in the same manner as poll and property taxes. He may be a clerk to the Selectmen and perform all the clerical and financial duties of such office.

SECTION X. Treasurer—The Treasurer if required by the Selectmen, shall maintain an open office as provided in Chapter III, Section 1. He shall be present at the regular weekly meetings of the selectmen for the payment of bills, and shall issue his checks for all orders drawn upon him by the Selectmen at the said meeting.

2. The Treasurer shall make a record in a book kept for the purpose, of each appropriation, with the list of the warrants drawn against such appropriation, and he shall also make a record in a book, kept for the purpose, of all bonds, notes, or other evidence of indebtedness of the town.

3. He shall be the custodian of all deeds, contracts, bonds and insurance policies, belonging to the town, except that the bond of the Treasurer shall be in the custody of the Chairman of the Selectmen.

SECTION XI. Auditors—The Auditors are empowered and directed to carefully audit the accounts of all town officers required by law to keep accounts; to see that the same are kept in accordance with an approved system of bookkeeping; to examine into the source of receipts and expenditures with full authority to obtain evidence from banks or individuals pertaining to the same, and to call in an expert accountant whenever, in their opinion, such advice is necessary; to see that all accounts are properly cast and well vouched; to report in full to the town the state of its finances and all their findings thereon.

SECTION XII. Appropriation Committee—The budget for town expenditures to be voted at each annual town meeting shall be made by a committee which shall be known as an appropriation committee, said committee to be composed of the board of selectmen, clerk, treasurer, school district treasurer, auditors, highway agent, president of the street railway and seven property tax payers, the latter to be elected annually in town meeting or appointed by the selectmen. Said committee shall hold meetings in January and February of each year, to study the needs and resources of the town and make up therefrom a budget of minimum appropriations, for town expenditures, and to have said budget printed in the annual town report preceding the town meeting from which the budget is made. The members of the committee shall serve without pay.

#### CHAPTER IV

##### Police Department

SECTION I. The appointment, control and compensation of the police shall be in the hands of the selectmen.

SECTION II. As soon as possible after the annual town meeting the selectmen shall designate a chief of police and patrolmen; and members of the force shall hold office until their successors are appointed or they are removed by the selectmen.

SECTION III. Charges against any officer for incompetency, immorality or neglect of duty may be preferred to the selectmen by any responsible person; and the selectmen shall immediately investigate such charges and take such action as they think the occasion demands.

#### CHAPTER V

##### Fire Department

SECTION I. The Fire Department shall be under the authority of the Selectmen. They shall have the power of appointment, dismissal, control and compensation of any or all members of the force, prescribe rules and regulations for the department and for the public.

#### CHAPTER VI

##### Public Health

SECTION I. Suitable galvanized iron garbage cans with covers shall be provided at every store, hotel, or dwelling house, and at such other convenient points as may be designated by the Selectmen, by the owner or lessee of the property, for the disposal of garbage and refuse, such as may become putrid or offensive. The contents of these cans shall be removed daily by direction of the selectmen at the expense of the town, and the material buried or burned so as not to create a nuisance or provide a breeding place for flies. All ashes and other waste material shall be removed at such times and in such manner as may be prescribed by the Selectmen. Any violation of this ordinance shall be punished by a fine not exceeding ten dollars.

SECTION II. It shall be unlawful for any person to spit upon any sidewalk, in the compact part of the town or beach, hall or public place, or street railway car, except into spittoons or receptacles provided for that purpose.

SECTION III. It shall be unlawful for any person to throw upon the sidewalk, in the compact part of the town or beach, hall or public place, any waste matter from any fruit or any paper or other offensive or unsightly substance, except into receptacles provided for that purpose.

SECTION IV. Any person violating either of the two preceding provisions shall be punished by a fine not exceeding ten dollars.

13

SECTION V. The term "public place" shall be construed to include all territory between Ocean Boulevard and low water mark, from the North Hampton line to the mouth of Hampton River, except such land as may be subject to private ownership or control.

SECTION VI. No entrance to the public sewer shall be permitted until after application to the selectmen has been made and a permit issued to the applicants, and the entrance fee of fifty dollars paid.

##### Extracts From Public Health Laws of the State of New Hampshire

(a) If any person shall place, leave, or cause to be placed or left, in or near a highway, street, alley or public place, or shall allow to be exposed, unburied, any animal or other substance liable to become putrid or offensive, or injurious to the public health, he shall be fined not exceeding twenty dollars; and the health officers shall remove the same.

(b) If any person place, leave or cause to be placed or left, in or near a pond, reservoir, or stream tributary thereto, from which the water supply for domestic purposes of the town is taken, in whole or in part, any substance or fluid that may cause the water thereof to become impure or unfit for such purposes, he shall be fined not exceeding twenty dollars, or be imprisoned not exceeding thirty days, or both.

(c) The board of health of the town, or commissioners or proprietors having charge of the water supply, may remove such substance or fluid; and may recover the expense of removal from the person who placed the same or caused it to be placed in or near the water as aforesaid, in an action in the case.

#### CHAPTER VII

##### Highways and Sidewalks

SECTION I. As soon as feasible after the annual town meeting the selectmen shall appoint a highway agent, who shall have the same power and perform the same duties as a highway agent elected by the town. Such agent shall be sworn to the faithful discharge of his duty, give bonds to the satisfaction of the selectmen, and be responsible to them for the expenditure of money and discharge of his duties generally. The compensation of said agent shall be fixed by the selectmen, and he shall render to the selectmen a weekly statement of his expenditures and receive money from the treasurer only on the order of the selectmen.

2. No person shall drive any horse upon any sidewalk, nor allow any truck or vehicle to stand upon or obstruct any sidewalk or cross walk, except when loading or unloading goods or crossing the walk necessarily.

SECTION III. No person except a duly authorized officer of the town shall, without a permit from the selectmen, dig up any portion of a public way or obstruct any public way for the purpose of erecting, repairing, altering, or removing any building. Every permit granted, as aforesaid, shall specify the length of time it shall continue in force, and a copy shall be given to the Highway Agent, and every person receiving such permit shall execute a written agreement to indemnify and save harmless the town against all damages or cost by reason of any claim for damages on account of the existence of such obstruction or excavation, and the selectmen may impose such conditions, terms and limitations as they shall see fit in respect to erecting barricades, maintaining lights and taking other precautions for the safety of travelers.

SECTION IV. The laws of the State relating to crimes and offences against highways, such as putting ashes, glass or other dangerous substances on the roadbed, riding bicycles on the sidewalks, digging up highways unlawfully, defacing of signboards, lights on vehicles, etc., shall be enforced.

SECTION V. The selectmen shall provide suitable dumping places, conveniently located, for rubbish, waste paper, ashes, boxes, barrels, metal containers, and other unsightly substances, and shall designate each dumping place by a sign with the words, "Public Dump" painted thereon.

SECTION VI. Any person dumping rubbish, waste paper, ashes, boxes, barrels, metal containers, or other unsightly substance, by the side of any highway in any part of the town, shall be fined \$10, and the fine shall be for the benefit of the person making and sustaining the complaint; but if the complaint is made by an officer or employee of the town, the fine shall enure to the town.

SECTION VII. Automobilists stopping their machines and eating lunch on or by the side of any highway in the town are forbidden to leave any food, waste, paper

or paper boxes, or any unsightly substance on or beside the highway or on any land adjacent, under penalty of a fine of \$10, to be paid to the person making and sustaining the complaint.

#### CHAPTER VIII

##### Public Parks and Play Grounds

The establishment, development and maintenance of public parks and playgrounds shall be under the direction of the selectmen.

They shall make rules and regulations for governing the same, and may receive private subscriptions for the benefit of the department.

In the development of the Center school playground the selectmen shall recognize as a policy of the town a general scheme of scientific layout under direction of a competent landscape architect.

#### CHAPTER IX

##### Building Laws

SECTION I. The Town of Hampton having adopted Chapter 40, Section 1 of the Public Statutes, as amended by Session Laws of 1903, Section 1 and 2 in regard to an Inspector of Buildings, shall elect or appoint some suitable person who shall act as Building Inspector and some suitable person to issue permits and some suitable person to act as Inspector of Electric Light and Wiring.

SECTION II. Any person who shall hereafter erect or remodel a building in said Town of Hampton, if there be a chimney in said construction or remodeled building, such chimney must be built from the ground, and all chimneys shall be constructed with a flue-lining. All buildings remodeled or constructed, shall have fire stops between each story, and all wood-work shall be free and clear of the chimney.

SECTION III. Any person who intends to erect or remodel a building in the Town of Hampton, shall first have received a permit from that person elected or appointed to issue said permit, for which permit, he or she shall pay the sum of ten dollars, to that person issuing said permit. Said person qualified to issue any building permit, shall receive the sum of two dollars. Said Building Inspector shall be paid four dollars and the Wire Inspector, shall be paid four dollars.

#### ARTICLE X

##### Miscellaneous Provisions

1. LICENSES. The selectmen are authorized and empowered to issue licenses to and to collect the prescribed fees from persons engaged in the following pursuits:

Victualler's License	15
Real Estate Agents	10
Operators of Public Autos	10
Mgrs. of Dance Halls, Skating Rinks, and Theatres	50
Managers of Pool Tables, for Each Table	5
Managers of Bowling Alleys, for Each Alley	5

All others, such fee as the selectmen deem advisable.

2. No person shall go from place to place in this town selling or bartering, or carrying or exposing for sale or barter, any fruits, vegetables, fish in or from any cart, wagon or other vehicle, or in any other manner, without a license therefor from the Board of Selectmen; provided, however, that this section shall not apply to any person who sells only fruits or vegetables raised or produced by himself or his family within the limits of the town, or fish, lobsters or clams which he obtained by his own labor or the labor of his family.

3. The Board of Selectmen shall have authority to grant such license to any person of good repute for morals and integrity who is, or has declared his intention to become, a citizen of the United States. Said licenses unless sooner revoked by the Board of Selectmen, shall expire one year after the granting thereof, and each person so licensed shall pay therefor a fee of \$10 (ten dollars.)

Nothing in these ordinances shall be construed as conflicting with any license issued under the authority of the State.

4. Payment of Bills. Orders upon the town treasurer by the selectmen in settlement of claims against the town shall be issued only at regular sessions of the board each Friday afternoon from 2 to 4 o'clock, or such other time as the selectmen may establish, and no such order may be issued unless a majority of the board are present and sign the order. The treasurer shall attend these sessions and issue checks to correspond with the orders issued by the selectmen.

5. Where no specific penalties for fractures of these ordinances are stated said penalties shall be as provided or permitted by the Statutes in such cases.

6. By the adoption of the foregoing rules and regulations into this code of ordinances, the validity of any previous vote of the Town is not impaired, except insofar as any previous vote conflicts with these rules and regulations, and in each case such votes are hereby repealed.

7. With the adoption of this code of ordinance, or any amendment thereto, or any part thereof, by a majority vote at a legally called town meeting, the same shall forthwith become the by-laws of the Town of Hampton and the said adoption carries with it the adoption of any sections of the public statutes as are necessary to make the provisions of such sections legally part of these by-laws.

1926.

To the Board of Selectmen,

Hampton N. H.

Sirs:-

Your attention is invited to the construction of a wall in front of the residence of Mr. Williams, on the Exeter Road. Undoubtedly this wall is on the right of way but as it does not interfere with the drainage or any other proper operation of the highway, it is a matter that comes entirely within the province of the Selectmen.

While there is no adverse possession, in this case, it seems best to make this a matter of record, and in consequence am sending copy of this to the Highway Commissioner.

Respectfully,

Wm. A. Grover.

ORDER, granting to the HAMPTON GAS COMPANY the right to erect and maintain a GAS SYSTEM FOR GENERAL PURPOSES in the town of HAMPTON, NEW HAMPSHIRE.

\*\*\*\*\*

Hampton, N. H. April 22, 1913.

IN BOARD OF SELECTMEN:-

On petition of the Hampton Gas Company for the right to construct, maintain and operate a gas system for general purposes in and through the town of Hampton, under and by reason of a charter granted by the State of New Hampshire; after due consideration,

IT IS HEREBY ORDERED:- That the Hampton Gas Company, its successors and assigns, be, and hereby are, granted the right to construct, maintain and operate a gas system for general purposes in the town of Hampton; and for that purpose may make all necessary excavations, and may erect and maintain in, upon, over and along such streets, roads, highways, byways and alleys, and also along such private ways as may be acquired by said Company, such necessary pipes and other material as may be required for the full and complete enjoyment of the right above granted.

This Grant is made under the following conditions:-

The pipe and other requisites to be of suitable material and similar to those now in use by other companies, and to be erected and maintained on such definite locations as may be agreed upon by the Selectmen of said town of Hampton and some representative of said Company

In the construction of said system, the work shall be done in a workmanlike manner with due care and despatch and avoid all unnecessary obstructions to travel and injury to persons and property, and all streets and public grounds, gutters and bridges shall be restored to their former condition as nearly as practicable.

*to completion - and if not completed within a period of six months from this date, the grant shall be null and void.*  
 Said Company, its successors and assigns, shall protect and hold said town harmless against the lawful claims or demands for damages to any person or property by reason of the construction and maintenance of said system and shall refund to said town all sums which it may be adjudged to pay on any such claims and shall hold the town harmless from all expenses incurred in defending any action which shall go against the town on account of such negligence, within a reasonable time after demand thereof.

The authority hereby granted to the said Hampton Gas Company and their successors and assigns, shall not in any way abridge the rights of the town in the streets.

And further, said corporation in the exercise of this grant shall be subject to the provisions of the Statutes and Laws of the State of New Hampshire.

This order shall take effect and be in full force from this date.

Order for pole and wire location.

In the Board of Selectmen of the Town of Hampton, N.H.  
On July 13, 1928.

Ordered: That the New England Telephone and Telegraph Company be and is hereby authorized and permitted to erect and maintain poles and wires to be placed thereon together with such supporting and strengthening fixtures and wires as said Company may deem requisite in the public ways of said Municipality as hereinafter designated. All construction under this permit shall be in accordance with the following specifications.

The poles shall be located between the travelled driveway and the limits of the highway, and at the usual distance apart, and shall be of wood or other suitable material and the wires shall be run at the usual height along and across the highway. After the poles and wires have been located as specified in this permit, alterations shall be made in the location and erection of the poles and in the height of the wires if so directed by the proper municipal authorities. Following are the public ways referred to.

5 poles on High St. from Lafayette Rd. easterly.

1 pole on High St. at a point approximately 2500 ft. easterly from Lafayette Rd.

1 pole on Center Rd. at a point approx. 100 ft west of S. M. R.R. Crossing.

Locations to be owned and occupied jointly by the New England Tel. & Tel. Co. and the Exeter and Hampton Electric Co. Poles already in place.

TO THE SELECTMEN OF THE TOWN OF HAMPTON.

Respectfully represents the Exeter and Hampton Electric Company, a corporation duly organized by law, and located at Exeter, in the County of Rockingham, and State of New Hampshire, that it is necessary to the proper maintenance of its transmission line in the town of Hampton that said transmission line cross the highways in the town of Hampton in the following location, to wit:

Commencing at a point on Park Avenue approximately seventy-five (75) feet Easterly from the Lafayette Road; thence running Southerly crossing a triangular tract of land owned by said Town of Hampton approximately one hundred eight (108) feet to the Guinea Road, so-called; thence crossing said Guinea Road to a point approximately thirty-five (35) feet Easterly from said Lafayette Road.

For further description reference is made to the map attached to this petition.

One pole to be placed on the Southerly side of Park Avenue at a point approximately seventy-five (75) feet Easterly from Lafayette Road, and one pole on the Southerly side of the Guinea Road at a point approximately thirty-five (35) feet Easterly from the Lafayette Road.

The wires are to be maintained at a height not less than twenty-five (25) feet from the ground and are not to exceed eight (8) in number.

It is further necessary to the proper maintenance and operation of said line that your petitioner be granted a right to keep clear across said triangular tract herein mentioned all trees, bushes and other growth or construction which might interfere with the maintenance and operation of said line for a distance not to exceed ten (10) feet on either side of said line.

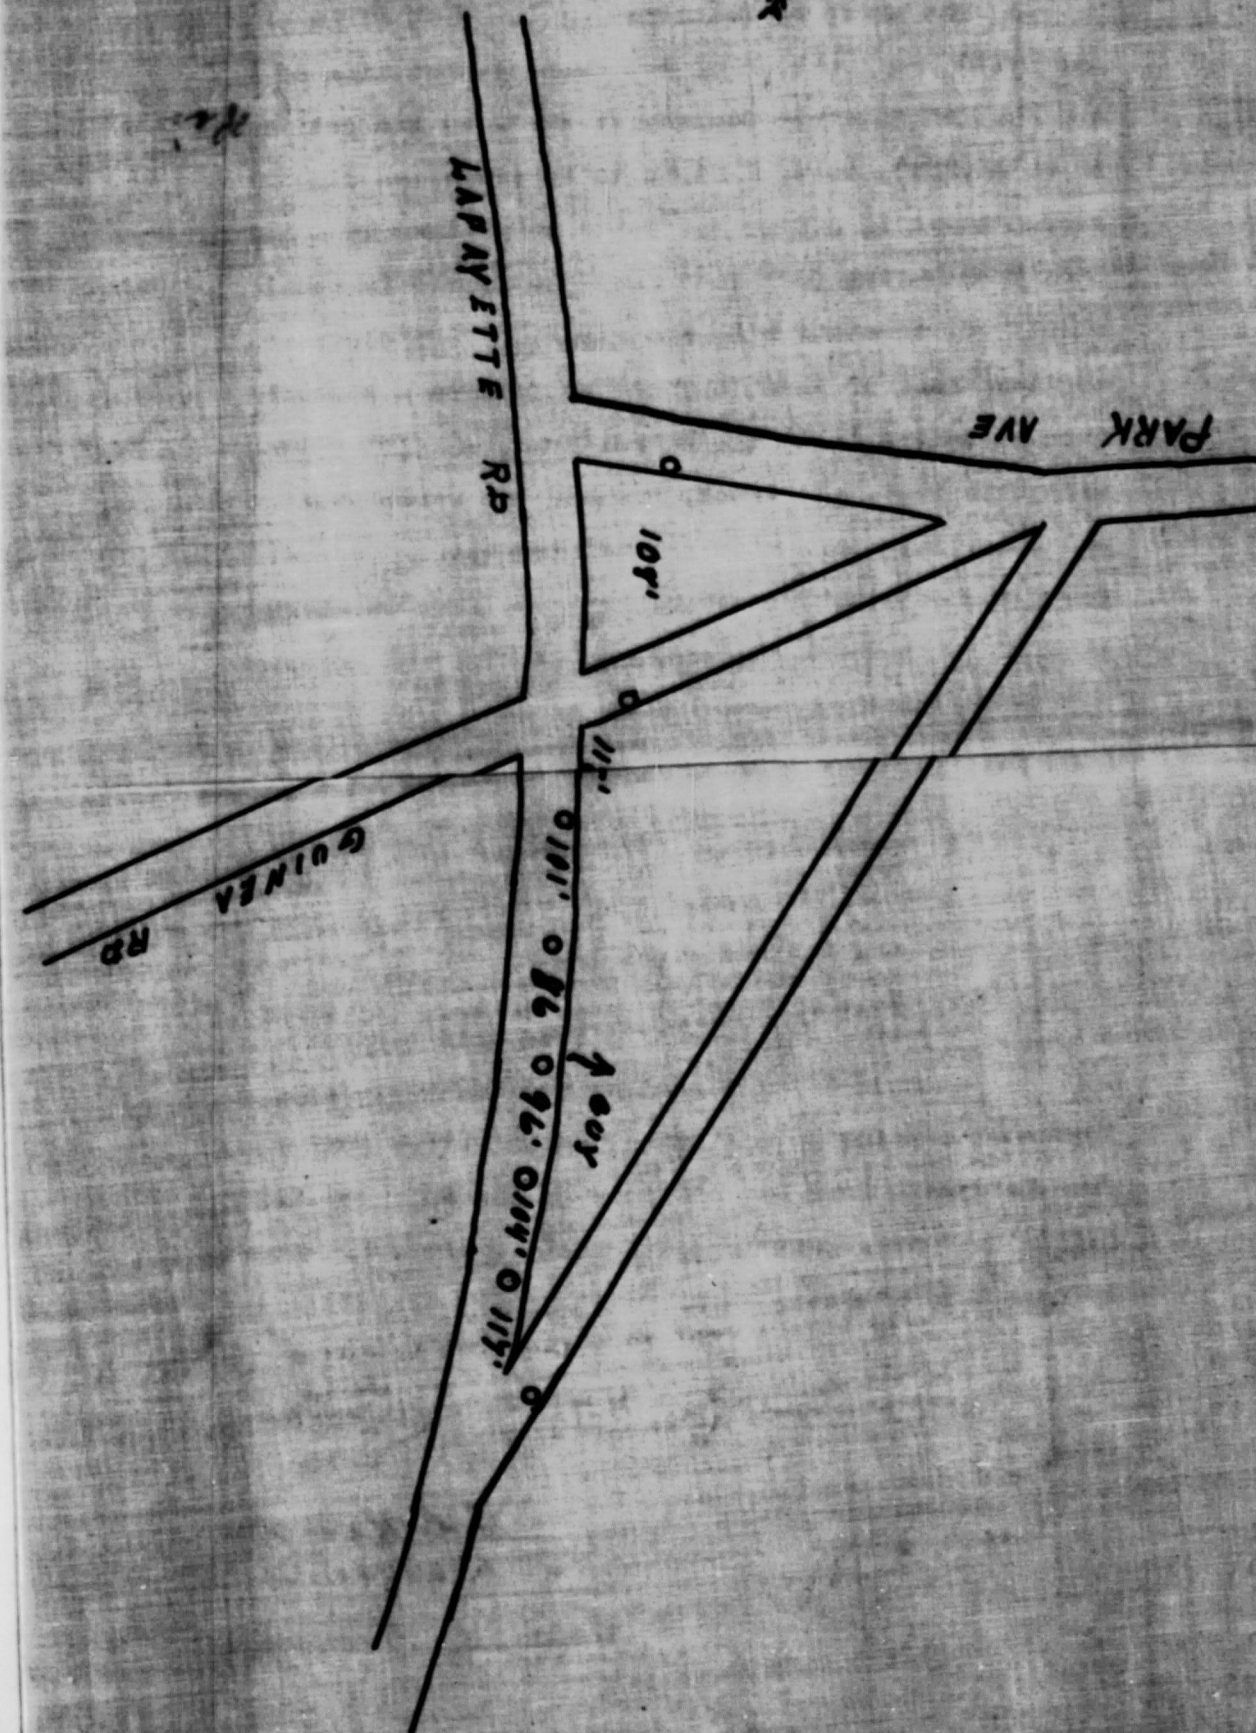

Wherefore the Exeter and Hampton Electric Company prays the Board of Selectmen of Hampton that it may grant a perpetual right to maintain said line in the location and under the conditions as herein specified, together with the right of

clearance across the triangular tract herein mentioned, together with the right of cutting and trimming any trees or branches of trees growing in the highways as may interfere with the operation of said line and make such orders and decrees as may be necessary in the premises.

## TOWN WARRANT For Annual Meeting, March 10, 1931

(L. S.) STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Hampton, in the county of Rockingham, in said state, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Town of Hampton on Tuesday, the Tenth day of March next, at Ten o'clock in the forenoon to act upon the following subjects:

Article 1. To choose by Australian Ballot one Town Clerk, one Selectman for three years, one Treasurer, one Collector of Taxes and three Auditors.

Article 2. To choose all other necessary officers for the ensuing year.

Article 3. To raise and appropriate such sums of money as may be necessary for Town Officers' salaries and expenses, election and registration, municipal court, care and supplies for town hall, police department, fire department, moth department, health department, highways and bridges, street lighting, library, town poor, Memorial Day, parks and playgrounds, cemetery, sewer department, sidewalks, comfort station, breakwater, town notes, Hampton Beach and all other necessary charges arising within the Town.

Article 4. To see if the town will vote to give the selectmen power to borrow money in anticipation of taxes.

Article 5. To choose a wire inspector and a building inspector for the ensuing year, whose reports shall appear in the annual town report.

Article 6. To see if the town will vote to reduce the building permit fee from Ten Dollars to One Dollar.

Article 7. To see if the town will vote to revise the building code and wiring rules, and to combine them in one set of ordinances, and to appoint a committee for the same.

Article 8. To see if the town will vote to require a permit for electricians, and charge a fee of Twenty-Five Dollars; this fee to revert to the town.

Article 9. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars to be expended for lighting the tennis courts at Tuck Memorial Field.

Article 10. Upon a petition signed by Mathew A. Cregg and twenty-six others to see if the town will vote to raise and appropriate money to build a wooden approach from the main Boulevard to the water's edge to take the place of the concrete approach that was destroyed.

Article 11. Upon a petition signed by E. D. Spinney and fifty others requesting the selectmen to install a fire hydrant at Five Corners for the protection of the community. This to be installed as soon as possible. To see what action will be taken.

## JOINT RESOLUTION in favor of a breakwater at Hampton Beach.

Resolved by the Senate and House of Representatives in General Court assembled:

That the sum of sixty thousand dollars (\$60,000) be and the same is hereby appropriated for the construction of one or more breakwaters to protect those parts of the Ocean Boulevard in the town of Hampton lying between the Coast Guard Station and Haverhill street as may be determined by the highway commissioner on condition that the town of Hampton quitclaims to the state of New Hampshire all the right, title and interest of said town in and to the land lying between the constructed Ocean Boulevard and the ocean from the Coast Guard Station in said town south to the north side of Great Bear's Head, so called, and from the south side of Great Bear's Head south to Haverhill street. It shall be a condition of said transfer that the state shall hold the land conveyed for public purposes forever and allow no concessions to be granted to private persons on said land, nor any buildings or other structures to be erected or maintained thereon except such as may be erected by the state for public purposes and except that said town of Hampton may maintain for public uses, a boat stand, comfort station, chamber of commerce building or similar structures, the present parking places and playgrounds, and erect sidewalks at the town's expense between the traveled part of the highway or boulevard and the ocean, provided the construction of sidewalks from time to time have the approval of the highway commissioner, and provided, further, that such boat stand, comfort station, chamber of commerce building or similar structures, parking places, playgrounds and sidewalks shall at all times be maintained and repaired by the said town and shall in no way interfere with or obstruct the traveled part of any highway or boulevard now existing or later constructed, and provided, that the parking of vehicles along the Ocean Boulevard throughout the town of Hampton shall be regulated and controlled by the town. Said appropriation shall be expended by the highway commissioner subject to the approval of the governor and council as to both the manner and the execution of the plans, and said sum shall be a charge upon the highway funds.

Record of adjourned Town meeting Mar. 23, 1932

The adjourned Town meeting of March 8, 1932 was  
 rescheduled at 10.10 a.m. This meeting was opened  
 under

Articles. The report of the sewer committee was  
 then called for - and was read by Fred P.  
 Butterfield who was elected Chairman of  
 the committee. This report was as follows:  
 March 22, 1932.

Preliminary Report of Committee on Sewage Disposal  
 Investigation at Hampton Beach, N.H.

The committee appointed at Town meeting on  
 March 8, 1932 for the purpose of considering the  
 sewage problem at Hampton Beach held its first  
 meeting on March 15th.

After discussing the subject of sewage disposal  
 at some length it was agreed that it would be  
 desirable to arrange for a conference with  
 Dr. Howard of the State Board of Health to enquire  
 as to the views point of the State regarding the  
 action taken on March 8th by the citizens in voting  
 for the repair of the present system and such  
 extensions of the Corinto outlet as may appear  
 necessary or desirable.

Accordingly a conference was held on  
 March 16th at Concord - at which Dr. Howard  
 and members of the committee was present.

Dr. Howard was asked as to his viewpoint regard-  
 ing the proposal to repair the present Sewage System  
 as to obtain from it the greatest efficiency possible.

Dr. Howard pointed out that he found a bad condition  
 existing at Hampton Beach, that it is essential that it  
 be corrected and inquired whether, after the proposed  
 repairs are made, the sewage problem should be  
 given any further attention.

Dr. Howard was informed that the sewage

problem at the Board is recognized: that it is the desire of the people to find a satisfactory solution; that they would not feel warranted, however, in burdening the Town to embark on an expensive sewer construction program involving the expenditure of about \$75,000, such as that submitted at Town Meeting without first giving the question more careful consideration and study in order to insure that the system would adequately serve possible future requirements of the Town proper as well as the Beach and to determine the best method of carrying out the project so as not to impose an unnecessarily heavy financial burden in the form of higher taxes.

Dr. Howard replied that the State would not want the Town to place itself under financial obligations that would be laid for the people to meet.

After further discussion of conditions at the Beach including possible methods of satisfactory sewer disposal, it was agreed by Dr. Howard that it would be satisfactory to repair the present sewer system of the Beach with the understanding that further study be given the problem and that any further necessary action be taken to insure that the Sewage disposal conform with the standards of the Board of Health.

Because of the short time available the investigations which it has been possible to make have necessarily been limited.

However, as a result of these investigations the Committee desires to present the following recommendations for consideration:

1. That in accordance with a vote taken at Town Meeting on March 8th, and the subsequent understanding reached between Dr. Howard and the Committee, prompt action should

be taken to obtain the services of a competent Contractor with suitable equipment for the purpose of thoroughly cleaning out, repairing and making the existing system workable.

2. That after completion of the repair work proper maintenance and attention be given the present system.

3. The Chairman recommends that the present Committee be empowered to proceed with further consideration of the subject with the following points in view:

A. To insure that any sewage disposal project which may be found to be required in the next few years will be the most economical, and at the same time fit into any future requirements which may develop.

B. To give further study to plans and comparative costs.

C. To obtain estimates and from these to outline a construction program.

D. To submit plans for financing the project.

4. That the Committee be given authority to draw upon the Contingency fund in an amount not exceeding \$1,000. to pay for any additional engineering advice or survey work which the Committee may find to be necessary.

5. That the Committee make its report at the next annual Town Meeting.

Paul H. Butler  
Chairman.

Motion: to accept the report of the Sewer Committee with its recommendations as read by Mr Fred Balclutha the Chairman:

Voted: to accept and adopt the recommendations as read by the Chairman.

Article 11. Call for a report of the Committee.  
Report was made by Edward S. Balclutha.  
Motion: to indefinitely postpone.

This was not voted.

Motion: by John D. Perkins. That the Town of Hampton raise and appropriate the sum of \$500, for the purchase of seed clams to seed such portions, certain parts or parts of the clam flats as the Selectmen may designate, and that such seeded areas be closed for the period of one year and warnings posted, and that this Committee be reappointed to seed this area, and it shall be unlawful for any person to dig any clams within such areas for a period of one year and that the following ordinance be adopted:

Section 1. It shall be unlawful for any person or persons to dig any clams for a period of one year from seeding within the area or areas which have been seeded and closed.

Section 2. It shall be prima facie evidence of a violation of this ordinance if any person or persons shall be found within this area or areas with implements for the digging of clams.

Section 3. Whoever violates the provisions of this ordinance shall be fined not more than \$10.00 or imprisoned not more than 30 days.

This was Voted.

Motion: to increase the present committee by six additional. Was Voted.

The names of committee are:

Edward S. Balclutha

SUBJECT: Report of Committee on Sewage Disposal for the Town of Hampton, N.H.

March 8, 1933.

To the Citizens,  
 Town of Hampton, N.H.

The Committee on Sewage Disposal appointed at the Annual Town Meeting on March 8, 1932, has made an investigation of the sewage disposal problem and presents its report herewith. This report contains a statement with regard to the present system, the activities of the Committee in investigating the matter and the Committee's recommendations.

#### Present System

The present system is composed of three separate networks known as the Cutler, the Casino and the Town Rock network.

The Cutler network extends from Boar's Head southerly to Glade Path, includes about 1 mile of sewers and discharges at the mean low water line. This network has been and is operating in its original condition.

The Casino network extends from Highland Avenue southerly to "N" Street, includes 2.35 miles of sewers and was for a time discharging from a "Y" connection, practically at low water mark. Early in the season of 1932 the Casino network, under the direction of the Selectmen, was inspected, cleared and a plug driven into the "Y" connection, resulting in this outlet discharging at the outer end which was found to be some 460 feet beyond low water mark, thus putting this network in the best working condition of which it is capable.

The Town Rock network extends from "N" Street southerly toward the river mouth and includes about 1.3 miles of sewers. The outlet discharges directly on to the beach about 400 feet south of Dover Avenue. The shifting of the river channel has prevented the maintenance of the original outlet where it formerly emptied near Town Rock.

#### Inspection of Other Systems

In order to better understand the problem of sewage disposal, visits were made to a few other towns and cities for the purpose of learning something of the methods employed and the results obtained.

Trips were accordingly made to Manchester, Marblehead and Maynard, Mass., Old Orchard, Maine and Durham, N.H.

Manchester, Marblehead and Old Orchard dispose of sewage by discharging it into the ocean. Two of these systems discharge by gravity while the other employs electrically driven pumps to force the sewage out to sea.

Hampton NH Dec. 13, 1932.

By order of the Court to draw a Petition from  
 William H. Adams and his heirs with the return of the notice.

-2-

At Manchester and Marblehead conditions over the outlet were observed from a boat. It was noted in each case that there was quite a strong current flowing away from the shore and little or nothing could be observed to identify the spot as the outlet of the sewer.

At Old Orchard no boat was readily available.

At Durham and Maynard sewage is disposed of by the use of an Imhoff tank. In the former case the effluent, after all solid matter is settled out, is discharged into a large storage tank from which it is in turn discharged into the river during certain hours of the ebb tide. Storage of the effluent for any appreciable time results in its becoming offensive.

At Maynard a higher degree of treatment is given the effluent before discharging it into the river by spraying it over filter beds of crushed stone. The effluent is discharged at short intervals of time and when finally filtered and emptied into the river is colorless and odorless.

In each case the sludge or digested solid matter is disposed of by emptying it at intervals of a few months onto sand filter beds where it is dried out.

#### Hampton System

Observation of the Casino outlet was also made from a boat. While in the case of Manchester and Marblehead the discharge is accomplished in a depth of water said to be about 30 feet at low tide and at a distance of about 2,000 feet or more from shore, the Casino outlet was found to discharge in a depth of 5 or 6 feet of water at low tide and about 460 feet distant from the mean low water line. Due to insufficient dilution of the sewage the water for a considerable area around the outlet was found to be offensive as to appearance and odor. Bathers were observed swimming close to edge of the discolored area. Examination of the beach has disclosed deposits of grease and other substances on the sand.

The Cutler outlet likewise discharges at low water mark and in close proximity to a section of the beach where bathing is done.

The Town Rock outlet, as before stated, discharges on the sand at low water and also causes an objectionable condition on the beach at this point.

#### Review of Sewage Disposal Problem

During the course of the observations just outlined, it became evident that, regardless of the merits of any particular system, the question of proper sewage disposal would resolve itself into a costly job at best and that it would be unwise to incur an expenditure of thousands of dollars without first being certain as to what, if any, choice of methods might be possible as well as to insure that such a system would be so designed as to readily permit the connection of the North Beach or the Village proper whenever the demand might come.

-3-

Such a question was clearly one for a competent engineer to investigate and accordingly Mr. Frank Barbour was engaged to review the problem and to submit plans and proposals for methods of disposal.

#### Engineer's Report

The report submitted by Mr. Barbour consists of some 22 typed pages and 23 blueprints giving plans and survey data for streets along the entire beach, and for the town including an area within a radius of about 1 mile surrounding the Village.

The more important points brought out in the report are:-

1. Since the existing sewerage facilities consist of three separate sections, the first step in the design of a disposal system is to connect the three sections together by main intercepting sewers so as to conduct all the sewage to a common collection point for disposal.
2. There are at present developed areas south of Bear's Head where some 90 existing cottages set too low to connect in to the present systems.
3. A north and south main sewer should be laid to bring all the sewage from the three networks to a common collection point and placed deep enough to provide for the interception, with suitable lateral connections, of sewage from any further development at the beach which it is necessary to anticipate.
4. Collection of all sewage at a common point for disposal makes pumping necessary.
5. There are at the present time gutter inlets which empty storm water into the sewers. Steps should be taken to provide for the discharge of storm water into the nearest creek in order to avoid excessive cost for pumps and extra capacity in the disposal plant.
6. There are only two methods of disposal open to logical consideration:
  - a) Discharge of the sewage into the ocean at a distance sufficiently great to protect the beach against contamination.
  - b) Treatment of the sewage in a plant on the marsh at a point far enough from present and probable future occupied areas to discount possible objections - the plant to be so designed as to produce an effluent which can be discharged into inland waters without danger of contamination to shellfish, etc.

Hampton, N.H. Dec. 13, 1932.

By order of the Court is drawn a Petition

-4-

7. Relative to the sea outfall method, studies were made during August and September to determine the action of ocean currents as affecting the problem of satisfactory disposal. Altogether, 56 floats were set adrift from points 1000, 1500, 2000, 2500 and 3000 feet off shore in a projection of the line of the present Casino outlet. Both surface and depth type floats were used with small exposure above the water level so as to represent the true action of currents.

Results of these tests combined with work done by the U.S. Army Engineers point to the following conclusions:

- The wind rather than tidal currents is the controlling factor in fixing the direction of ocean currents off Hampton Beach.
  - That floating material discharged at 1000, 2000, or even 3000 feet from shore will strand on the beach during flood tide with a moderate on-shore wind.
  - That during ebb tide floating material will move parallel to the shore with a moderate on-shore wind but with a fresh on-shore wind such material may reach the beach.
  - That with off-shore winds floating material will move seaward.
  - That with screening of the sewage so as to minimize the stranding of floating solids, there will remain the possibility under certain conditions of wind and tide of the formation of a smear on the beach sufficient to register the fact that complete freedom from evidence of off-shore discharge will not have been obtained.
8. Treatment works including an Imhoff tank, sludge beds, trickling filter, secondary settling tank and provision for chlorination will give a degree of purification such that the effluent may be discharged into one of the salt marsh creeks without danger to shellfish areas and will guarantee a beach which for cleanliness as affected by sewage can be advertised as above suspicion.

Such a plant may be placed at an isolated location so as to discount possible objections from present developed areas or any which will probably be developed in the future.

-5-

9. Summary of the comparative costs for the two methods of treatment follow:

	Off-Shore Disposal	Treatment Works
Collecting sewers	\$ 47,800	\$ 48,750
Storm Water Exclusion	3,660	3,660
Disposal Works	49,450	66,228
Total	\$ 100,910	\$ 118,618
Annual Operating Cost	\$ 1,050	\$ 1,710

#### Factors Considered in Selection of Disposal Plant

In making a decision on the type of disposal plant to be recommended the Committee has considered the following points:

- The great benefit to be realized through the ability to advertise a beach clean above suspicion as affected by sewage disposal.
- Comparative merits of off-shore discharge and treatment works including the disposal plant proposed at the last Annual Town Meeting.
- Probability of future unsatisfactory conditions which might develop in the case of each method of disposal as related to --
  - The known effects of tidal currents.
  - Proximity of disposal plant to probable future building development.
  - Probable routing of future highways.
- Future increase of town and beach patronage.
- Comparative costs.

#### Recommendation of Committee

At a meeting on February 2, 1933, the Committee voted unanimously to recommend the installation of Treatment Works.

Preference was expressed for Island Park for a location with Eastman's Point as an optional choice.

#### Approval by State Department of Health

A copy of the Engineer's report together with the recommendation of the Committee was sent to the Department of Health at Concord and approval of the Committee's recommendation was received in a letter under date of February 8, 1933.

Committee on Sewage Disposal  
Hampton, N. H.

Gentlemen:

Mr. Fred R. Batchelder, Chairman

This department has received from you and has examined the engineer's report of January 27, 1933 relative to a new sewerage and disposal system for Hampton Beach. Also, on February 7th the writer, accompanied by our Mr. Trager, met members of your committee at the Beach and discussed with them certain aspects of this matter.

This is to inform you that the plans of this project, as set forth in the engineer's report, meet with this department's approval; also to urge upon your committee that it recommend to the town the adoption of that feature of the plans which would provide for treatment at a plant to be erected at Eastman's Point.

Offshore Disposal vs. Treatment.

Careful consideration has been given to these two alternatives as provided for in the report. Discussion of the details of this need not be entered into here. It is sufficient to say that while the plan for offshore disposal would give satisfactory results under average conditions, there might be situations arise where elements of the sewage would become in evidence at the bathing beach. On the other hand, the treatment plan is calculated to give one hundred percent satisfaction, and inasmuch as, considering the expense of screening and chlorination, deemed to be essential to proper off-shore disposal, the cost of installation and operation of the treatment plant would not represent a very substantially large increase in investment, we are obliged to look upon the latter as well worth while and as being the plan likely to prove by far the more satisfactory in the end.

Eastman's Point Location Favored.

On our visit February 7th consideration was given to the relative merits of Eastman's Point and the Willows as sites for the treatment plant. We are impressed that both the construction costs and land damages would be greater at the latter location, while the topography does not appear to be so favorable for this purpose as is that of Eastman's Point.

TOWN WARRANT FOR 1933

Urgency.

It is hoped that your committee will be able to effectively impress upon the town the need of early action in this matter. In such connection, the following may be quoted from the current report of the State Board of Health for the biennial period ending June 30, 1932:

"The hope is expressed that the matter of provision of adequate sewage disposal for this large and important resort (Hampton Beach) will receive early and effective consideration. We cannot conceive of any greater or more pressing need for this place, considering the public health aspects here involved. Any undue delay in this matter is to be deplored".

Finally, this department would like to express to your committee its appreciation of the prompt, active and complete manner in which it has prosecuted the study of the matter with which it has been charged.

Very truly yours,

  
Charles D. Howard,  
Director of Division.

CDH:C

Article 13. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to build a reservoir at Five Corners for the purpose of protecting the property in that district against fire.

2/8/33

The only reason for considering The Willows was some local apprehension that odors from the other location might reach residences constructed on the proposed new highway. However we consider this to be extremely improbable.

#### Shellfish Protection.

While the treatment proposed should give a very satisfactory effluent, physically and organically, it is improbable that it would be sufficiently clean bacterially to insure freedom from contamination of clam beds in the River. Hence in the event of any revival of the clam industry it will doubtless be found necessary to provide chlorination of the final effluent as an adjunct to the treatment, - this as referred to in the report.

#### Refuse Dump.

Incidentally, our attention was drawn to a large refuse dump located on the road to Eastman's point. The appearance of this is most unsightly, it is obviously inadequately cared for, and it is said to be a prolific breeding place for rats. Suitable action should be taken by the town for the abatement of this condition.

To this end it is recommended that:

- (1) The present dump be leveled off and covered.
- (2) Householders be required to sort their wastes into combustible and incombustible classes.
- (3) That combustible matter, such as waste paper, cartons and the drier kinds of garbage refuse, be transported to an incinerator, which might well be constructed as a part of the Eastman's Point plant. This would be provided with a suitable chimney, or stack, and the cost of such a device would not be considerable. For many years the city of Dover has operated such an incinerator, and it might be worth while for your committee, as involving a detail rather closely associated with the duty with which it is charged, to make an inspection of this plant. Not impossibly it might be found that the dried residues from the sludge beds could be burned to advantage in such an incinerator, in the event there was difficulty in disposing of this as fertilizer.
- (4) That incombustible matter be used for grading or filling, that it not be permitted to accumulate in piles but be suitably covered with sand or earth.

#### Sewer Commissioners.

It is recommended that provision be made by the town for oversight of the construction and operation of this sewerage system to devolve upon a group of three individuals to be known as the board of sewer commissioners, to be appointed as provided under the provisions of Chapter 95, P.L. It is believed that the special duties and oversight here called for will be of such magnitude as to amply justify the creation of such a board. Consideration might also well be given to the advisability of the health officer being made a member ex officio of this board, also of the town's charging such a board with the duty of seeing to it that all domestic wastes are so discharged or disposed of as not to create a nuisance.

## TOWN WARRANT FOR 1933

TOWN OF HAMPTON  
STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Hampton, in the County of Rockingham, in Said State, qualified to vote in Town Affairs:

Article 14. To see if the Town will vote to accept the report of the committee on sewage disposal for the town of Hampton.

Article 15. To see if the Town will vote:

Section 1. To raise and appropriate the sum of (\$120,000.00), 120,000 Dollars for the construction of a system of sewers and a sewage disposal plant and appurtenances thereto, including the acquisition either by purchase or by eminent domain proceedings of land or lands necessary for the construction of the sewers and plant, the same to be located and built in accordance with the recommendations contained in the report of the committee on sewage disposal;

Section 2. To raise the said sum of 120,000 Dollars by using the 5,000 Dollars now available in the Town Treasury for sewer construction and to raise by taxation 5,000 Dollars this year, and to authorize the Selectmen, according to whichever method they believe the more advantageous to the Town, to borrow the sum of 110,000 Dollars, either from the Reconstruction Finance Corporation or to issue and sell bonds of the Town of Hampton, in accordance with Chapter 59 of the Public Laws of 1926, at an annual rate of interest not to exceed 6 percent, payable semi-annually and being subject to call at the election of said Town, and to issue 100 bonds in the sum of 1,000 Dollars each and 20 bonds in the sum of 500 Dollars each, and this issue of the said bonds to be payable in blocks of 5,500 Dollars yearly in twenty annual installments, the first block payable in one year from the date of issue of said bonds, and the date of issue, the time and place of payment, of principal and interest, the fixing of the rate of interest, the provision for the sale of said bonds and all other matters in relation thereto to be left to the discretion of the said selectmen;

Section 3. To authorize the said Selectmen to proceed

to acquire either by purchase or by eminent domain proceedings, at a fair price to be established by the standard methods of assessment, such land or lands as the committee on sewage disposal may deem necessary for the construction of the said system of sewers and disposal plant;

Section 4. To spend the aforesaid sum of 120,000 Dollars in accordance with the said report under the direction of the present committee on sewage disposal, and to authorize the said committee to solicit bids from competent contracting firms for the construction and installation of the said sewers and sewage disposal plant and appurtenances thereto, to accept the most advantageous bid, to supervise the construction of the sewerage system and disposal plant recommended in the aforesaid report, to see that the articles of the contract are carried out and to accept the project for the Town of Hampton.

Article 16. To see if the Town will vote to instruct the Health Officer to call upon the Police Department to delegate an officer to investigate and submit for file a written report of the sewage conditions in any section or sections of the Town of Hampton as the Health Officer may deem necessary.

Article 17. To see if the Town will vote to amend Chapter 9, or any amendment thereto, of the Hampton Code of Ordinances adopted March 11, 1924, by the addition of the following section:

Section 4. Whenever any person shall apply for a building permit, he must submit plans for a method of sewage disposal, which plans must be approved by the Health Officer before the building permit is issued, and it shall be the duty of the Health Officer to see that these plans are carried into effect and filed for record.

Article 18. To see if the Town will vote to appoint a

Committee of Ten to study the question of the adoption of suitable zoning ordinances for the Town of Hampton.

Article 19. To see if the Town will vote to appoint a committee of seven to revise the Town Code of Ordinances so that the recent votes of the Town affecting the existing code, may be incorporated legally therein:

To make other necessary changes and to report at the next annual Town Meeting.

Article 20. To see if the Town will vote to authorize the Selectmen to take action according to the terms of leases, against certain or all lease holders, leasing land from the Town of Hampton, who have not paid their ground rent or taxes or both.

Article 21. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-seventh day of February in the year of our Lord 1933.

Hampton, N.H. July 25, 1933.

Record of Special Town Meeting.

Meeting was called to order at 10. AM.  
 Varrant was read by Moderator Dr. B. Merrill.  
 Meeting was then opened for discussion.

Motion by Mrs. Wingate, I wish to refer the following resolution and move its adoption by a hand vote.

Whereas under the provisions of Chapter 159 of the laws of 1933, entitled "An Act Providing for the Acquisition of the Hampton Harbor Toll Bridge and for Emergency Construction for Coastal and Highway Protection," the Governor, with the advice of the Council, is authorized and empowered to construct a jetty, or jetties, sea walls or other structures to stabilize the mouth of the Hampton River and to protect the state highway and the Hampton Beach, and

Whereas Section 3 of said Chapter provides that it shall be a condition to the construction of such jetty, jetties, sea walls or other structures that the Town of Hampton release and convey to the State of New Hampshire all its right, title and interest in and to certain land designated by said section, and

Whereas said Section also provides that it shall be a further condition to the construction of such jetty, jetties, sea walls or other structures that the Town of Hampton shall release and convey to said State, so far as the Town may have any right, interest or title thereto, such additional land, rights or easements, as may be necessary for the construction and maintenance of said jetty, jetties, sea walls or other structures, and

Whereas said Section further provides that the land so conveyed shall not be subject to the provisions of Chapter 15, Laws 1931 and shall be held by the State for public highway, park and recreational purposes forever, and that no concession shall be granted thereon, provided, however, that the Town of Hampton, so long as the Governor and

Council shall approve, may maintain the sand stand, Comfort Station, Chamber of Commerce Building or similar structures and the parking places and playgrounds now thereon and

Whereas it is deemed advisable and for the best interests of the Town of Hampton that said Chapter be carried out in accordance with its provision and that said conditions to the construction of the said jetty, jetties, sea walls or other structures authorized by said Chapter be fulfilled.

Now therefore be it Resolved, that the Town of Hampton release and convey to the State of New Hampshire all its right, title and interest in and to the land in said Hampton, included within the layout of the State Highway and situated between the main travelled portion of said highway and the Atlantic Ocean, and extending from the Coast Guard Station to Great Boies Head and from Great Boies Head to Havenhill Avenue, so called, the precise limits or boundaries of said tracts of land to be fixed and determined by the Governor and Council, said land to be held by the State of New Hampshire for public highway, park and recreational purposes forever in accordance with the provisions of Section 3, Chapter 159 of the laws of 1933, entitled "An Act Providing for the Acquisition of the Hampton Harbor Toll Bridge and for Emergency Construction for Coastal and Highway Protection," and

Be it further Resolved, that the Town of Hampton, release and convey to the State of New Hampshire, so far as the Town may have any right, title or interest thereto, such additional land, rights or easements as may be necessary for the construction and maintenance of said jetty, jetties, sea walls or other structures, and

Be it further Resolved that the Selectmen of the Town of Hampton be and they hereby are authorized, empowered, and directed for and in behalf of the Town of Hampton to execute and deliver to the said State of New Hampshire such deeds, releases and conveyances of real estate as may be necessary to carry out the foregoing.

resolutions and to comply with the conditions to the construction of a Jetty, Jetties, Sea walls or other structures as authorized by the provisions of Chapter 159 of the Laws of 1933, and

Be It further resolved that the Selectmen for and in behalf of the Town of Hampton, execute and deliver said deeds, releases and conveyances to the State of New Hampshire, upon request of the Governor and Council for the purpose of carrying out the provisions of said Chapter 159 of the Laws of 1933.

TOWN WARRANT FOR SPECIAL TOWN MEETING  
November 9th, 1933.

TOWN OF HAMPTON, THE STATE OF NEW HAMPSHIRE.

TO THE INHABITANTS OF THE TOWN OF HAMPTON, IN THE COUNTY OF ROCKINGHAM, AND THE STATE OF NEW HAMPSHIRE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified that an emergency has arisen in the town of Hampton for which an immediate expenditure of money is necessary; that the town through its selectmen has appealed to the Superior Court for permission to hold a special town meeting; and that the Superior Court has granted permission to hold a special town meeting on Thursday the 9th day of November, 1933.

You are further notified to meet at the Town Hall in said town of Hampton on Thursday, the 9th day of November, 1933, at Ten o'clock in the forenoon, to act upon the following subjects:

ARTICLE - 1. To see if the town will ratify the application made to the United States under the National Industrial Recovery Act for a loan and grant of \$160,000 to be used for the construction of a system of sewers and a sewage disposal plant and appurtenances.

ARTICLE - 2. To see if the town will vote to authorize the selectmen, if they deem it advisable, to amend such application so that it will apply for a grant without a loan.

ARTICLE - 3. To see if the town will vote to accept any loan and grant, or any grant without a loan, which may be secured pursuant to the application referred to in Article 1, or to the amended application referred to in Article 2.

ARTICLE - 4. To see if the town will vote to borrow the sum of one hundred and ten thousand dollars (\$110,000) either from the United States or otherwise, and to issue and sell in connection with such borrowing, bonds of the town of Hampton in the principal amount of one hundred and ten thousand dollars (\$110,000), such bonds to be issued in accordance with Chapter 59 of the Public Laws of New Hampshire, as amended, to bear interest at a rate not exceeding six per cent (6%) per annum payable semi-annually, to be payable in equal annual instalments of five thousand five hundred dollars (\$5,500) each, the first instalment to be payable one year after the date of said bonds, the time and place of payment of principal and interest, the fixing of the rate of interest, the provision for the sale of the bonds and all other matters in connection therewith to be left to the discretion of the selectmen, subject, however, to the foregoing limitations; provided, however, that the selectmen shall sell such bonds either to the United States or to any other purchaser or purchasers, as they may in their discretion deem the more advantageous to the town.

ARTICLE - 5. To see if the town will vote to appropriate the sum of five thousand dollars (\$5,000) now available in the town treasury for sewer construction, and the sum of five thousand dollars (\$5,000) to be raised by taxation in 1934, and all sums which may be obtained from the sale to the United States or otherwise of the one hundred and ten thousand dollars (\$110,000) principal amount of bonds referred to in Article 4 and from any federal grant under any application referred to in Articles 1 or 2, for the construction of a system of sewers and a sewage disposal plant and appurtenances thereto, including the acquisition either by purchase or by eminent domain proceedings of land or lands necessary

for the construction of the sewers and plant, such sums to be appropriated, so far as required and to at least the aggregate amount of one hundred and twenty thousand dollars (\$120,000), to the construction of the system of sewers and sewage disposal plant recommended in the report of the Committee on Sewage Disposal accepted at the adjourned annual town meeting held April 25, 1933, the same to be located at such place in the town as said committee may determine, and built in accordance with the recommendations contained in said report; and any balance of such sums not so required to be appropriated to the construction of an additional sewer or sewers running from said sewage disposal plant to the Village of Hampton, the same to be built in accordance with the recommendation and under the direction of the Committee on Sewage Disposal.

ARTICLE - 6. To see if the town will vote:

Section 1. To authorize the selectmen to proceed to acquire by purchase or eminent domain proceedings, at a fair price to be established by the standard methods of assessment, such land or lands as the Committee on Sewage Disposal may deem necessary for the construction of such system of sewers and sewage disposal plant and any such additional sewers.

Section 2. To authorize the Committee on Sewage Disposal to solicit bids from competent contracting firms for the construction and installation of such system of sewers and sewage disposal plant and any such additional sewers and appurtenances thereto, to accept the most advantageous bid or bids, to supervise the construction and installation, to see that the contracts are carried out, to accept the project for the town, and to take any other necessary or desirable action in connection with such bids and/or contracts.

-4-

ARTICLE - 7. To see if the town will vote to authorize, ratify or approve any and all contracts and/or agreements in connection with any loan and/or grant from the United States, the application for which is ratified or authorized at the meeting.

ARTICLE - 8. To see if the town will vote to authorize the selectmen to execute and deliver in the name and behalf of the town any and all contracts and/or agreements in connection with any loan and/or grant from the UNITED STATES, the application for which is authorized or ratified at the meeting, the same to be in such form as shall be approved by the selectmen, unless the same are presented and approved at the meeting.

ARTICLE - 9. To see if the town will vote to rescind all action taken at the annual town meeting held March 14, 1933, or at any adjournments thereof, under Article 15 of the warrant for such annual meeting; provided that any such rescission shall not affect any action heretofore taken in acquiring any land or soliciting any bids or employing any engineers or attorneys.

ARTICLE - 10. To transact any other business that may legally come before the meeting.

Given under our hands and seal this 25th day of October in the year of our Lord 1933.

## Motion

by John A. Janvaris. I hereby move that the  
Town adopt the following resolution; and that the  
Town Clerk send a copy of the same to Mr. Everett,  
Highway Commissioner for the State of New Hampshire.  
Resolved. That it is the opinion of this Town  
meeting that a highway should be constructed from

the tide mill Road, so called, in Hampton, across the marsh to Glade Path - and from Glade Path along the present sewer pipe line to the Hampton River Toll Bridge.

Because

1. A new traffic artery leading to Hampton Bridge is badly needed.
2. It would provide a direct route over the Hampton River Toll Bridge.
3. It would open up a large section of territory for building both permanent and summer residences, and thereby increase the taxable property which would benefit both the Town of Hampton and the State of New Hampshire.

Motion. To have record of this meeting published in next Town Report.

I, William Brown, Town Clerk of the Town of Hampton, hereby certify that there has been no change in the ordinances of the Town of Hampton as adopted by the vote of said Town on March 11, 1924, and as revised by vote at the Annual Town Meeting of 1935 insofar as the by-laws relate in any manner of the method of giving notice of any Town Meeting, nor in any way to the method of borrowing money or as to the form, issuance and sale of bonds or notes of the Town.

Town Clerk.

State of New Hampshire,  
Rockingham, ss.

July , 1936.

Personally appeared the above named William Brown, Town Clerk of the Town of Hampton, and made oath that the above statement by him is true.

Before me:

Justice of the Peace.

Motion To appropriate \$200. from Parks and Playground. *Appropriation not acted upon.*

Motion To pass to art 14. *was voted.*

Art 15. Motion To indefinitely postpone. *Was voted*

Art. 16. Motion To indefinitely postpone. *Was not carried*

Motion To adopt art 16. *Was not carried 27 for 44 against.*

Art 17. Resolution by John W. Perkins to Ernest G. Cole.

Be it resolved-

That in the death of Ernest G. Cole, the Town of Hampton has sustained the loss of a wise, capable and loyal citizen whose passing is sincerely mourned, and whose genial personality will be universally missed in all walks the common walks of our daily life.

Mr. Cole was a lover of, and beloved by children and youth; and greatly esteemed and respected by the entire community.

He stood always for the right and good of the people & the community as God gave him to see it.

He was capable and honest in private business and in public duty and office.

Genuine, understanding and generous in his sympathies and helpfulness of his fellowmen.

A kindly neighbor,

A trusted friend,

And always a christian gentleman.

No man among us could be more missed nor more sincerely mourned.

Motion To adopt this resolution *was voted.*

Motion To adjourn *was voted.*

### RESOLUTION

WHEREAS there has been introduced into the New Hampshire legislature by Mr. Herbert Perkins, Hampton's representative to the General Court, House Bill No 251 calling for the building of a new north and south traffic artery at Hampton Beach and for the purchase of about fifty acres of land for free parking spaces, and

WHEREAS the problems which arise by reason of traffic congestion and the lack of adequate parking space are so serious as to endanger the present and future welfare of the state's largest single recreational center, therefore

BE IT RESOLVED by the citizens of Hampton in Town Meeting assembled that we favor House Bill No 251 and hope for its enactment into law at this session of the legislature, and

BE IT FURTHER RESOLVED that copies of this resolution be mailed immediately to his excellency, Francis P. Murphy, governor of New Hampshire and to Mr. Arthur J. Boutwell, chairman of the committee on public improvements.

Art 22. Cont.

Resolved that the Selectmen be requested in the event that the State votes to build the proposed traffic artery at Hampton Beach, to take whatever steps that they shall deem necessary to secure legislation to enable the Town of Hampton to secure lands adjacent to said roadway or parking space, or both, for the purpose of owning and leasing the same.

This resolution was adopted.

Motion: to expand part of sidewalk appropriation on High Street, from Hull Road to Academy Avenue.  
Was Voted.

Motion to adjourn this meeting.
